

Vidu — Sample Document

Buddha Meditation Center DC | June 5, 2026

Purpose of This Document

This is a sample PDF generated by **Vidu** to demonstrate the ability to create and deliver formatted documents directly to the WhatsApp group. No action is required — this is a capability demonstration only.

What Vidu Can Send

- Daily website & SEO reports
- Volunteer assignment summaries
- Event and program schedules
- Content drafts for review
- Analytics and traffic reports
- Any structured document on request

How It Works

Vidu generates HTML, converts it to PDF using Chromium, saves it to the server's file directory, and sends it as a native document attachment to this WhatsApp group — no external links required.
